professional coaching

SINCE 1998

ABOUT US

Our team includes Chartered Certified Accountants, Chartered Accountants, experts, and businessmen. By providing students with outcome-oriented instruction in both manual and computerised accounting, we hope to equip them with the skills necessary for success in the real world. Additionally, we believe it is our responsibility to help students find employment once they have completed our courses. Students who study here will find their efforts worth it because of the results. We offer students the opportunity to gain practical experience by preparing real-world business accounts through site visits, **internship programs and other means**. Students receive instruction from professionals in the disciplines of accounting, and taxation. In terms of student training, we cover all fields including well known companies. After they have mastered manual accounting, we teach them how to use the latest versions of various accounting software. The education you receive at Accountants Academy will undoubtedly exceed that of any other institution.

Here candidates get the opportunity to prepare the live accounts of business establishments by visiting those establishments directly or otherwise **through internship programs**.

This helps them to gain experience and confidence as a virtual troubleshooter. Besides these, the candidates are instructed and trained by Chartered Certified Accountants, Chartered Accountants and other professionals. The training is programmed to provide vast knowledge in a wide spectrum ranging from trading, manufacturing, and other service sectors.

For Bright future

Build your career after completing Class 10 with a globally recognized certification and bridge course that can really kick start your future.

APAT (ACCOUNTING PRACTICAL APTITUDE TEST)

We often find aptitude tests in many fields like numerical reasoning test, inductive reasoning tests, in-tray exercises etc. Aptitude means an innate, learned or acquired ability of an individual to perform certain tasks. Aptitude test is a systematic means of testing a candidate's abilities to perform such tasks. It is normally difficult to find a practical aptitude test in the field of accounting. The queries about how one can decide whether he is eligible for a career in accounting field or not, made us to bring a novel and unique practical aptitude appraisal tool in accounting. In fact everyone needs a skill fitness certificate for an accounting career too.

APAT is done in 3 LEVELS.

Level 1 Focuses on XI completed commerce students, level 2 focusing on graduates and Level 3 for working

APAT LEVEL-1 Class 11 completed commerce students

It is an appraisal test, to guide their future study plans on professional accounting courses (CA, ACCA etc.) and also for their future accounting career

- ▶ Written Test Level-1 (Offline and online)
- ▶ Qualified students have to attend face-to-face interview with an expert
- ▶ APAT certificate for passed students.
- ▶ Top scorers will be provided scholarships who enrol in our future educational program.

APAT LEVEL-2 Under Graduates

- ▶ Written Test Level-1 (Offline and online)
- ▶ Qualified students have to attend face-to-face interview with an expert
- ▶ APAT certificate for passed students.
- ▶ Scholarships will be offered to top scorers who enroll in our future educational program.

APAT LEVEL-3 Working Accountants or Job seekers

- ▶ Test (written & practical) will be conducted in our training centers
- ▶ Face - to - face interview with an expert
- ▶ Certificate of proficiency credibility as an accountant will be provided to them or can be sent to their employer, if requested.

PARTNERSHIP MODEL SAP

- ▶ Customized course content focussing on Basics of ERP, SAP Navigation and Key Finance concepts
- ▶ SAP learning program powered by SAP Success Factor Platform
- ▶ Simulation and "Try-Me"/ "Show Me" based Learning methodology

Accountants Academy – Integrated Learning Model

A unique professional development ecosystem combining Courses, Internships, Productivity Systems, and Employer Hiring – designed to prepare students for real-world careers in accounting, taxation, finance, and business operations.

Courses

Structured academic programs across accounting, taxation, finance, and business operations –building a strong theoretical and practical foundation.

Internships

Integrated industry exposure through the TAP Ecosystem –bridging classroom knowledge with professional workplace expectations.

Productivity Systems

Daily discipline and task-planning habits instilled through structured routines, building the professional accountability employers demand.

Employer Hiring

Direct employer engagement through internship based campus selections – connecting students to real opportunities before graduation.

TAP Integrated Internship Ecosystem

POWERED BY

Flexible Internship Pathways

Students choose single-level or multi-level internships, customized by career goals, skill level, and industry interest.

TAP – Todo List Activation Program

Daily 5 AM productivity sessions building discipline, consistency, task planning, and professional accountability.

Performance-Based Ranking

Interns ranked on task completion, TAP participation, consistency scores, and engagement – visible to employers for hiring.

Digital Placement Support

Employers conduct internship based campus selections and assign realtime tasks; all students gain practical exposure regardless of selection outcome.

Residential Practice Program

The residential practice program done at **SERICT** Private Limited offers real—world employment experience. This program is also administered by seasoned Chartered Accountants and Chartered Certified Accountants. This gives students the ability to do live e-filings for Indian and foreign companies. Students who complete the RPP receive a certificate of live experience and placement support.

- Live experience
- Residential Program

Residential Exam Practice

After completing coaching at Accountants Academy, a student can perform exam practice at CA-REP is a one of a kind institute offering 4.5 months of residential exam practice designed to help students succeed in CA exams. Throughout their journey, students will reside in an apartment exclusively for CA practice. CA-REP helps them stay ahead of the curve with a calm and quiet study environment, constant exam practice, and guidance from qualified Chartered Accountants. The residential exam practice is designed to empower students with the knowledge, time management skills, and confidence required to pass the exam with ease. They can become the chartered accountants they have always aspired to be with CA-REP!
